

● FOR COACHING INSTITUTES · 2026

Your students pay you. *Not your software.*

VILMS is the all-in-one learning platform for coaching institutes — courses, live classes, answer evaluation, payments and leads, all under your own brand.

0%

of your fees, on every plan

₹499

plans from, per month

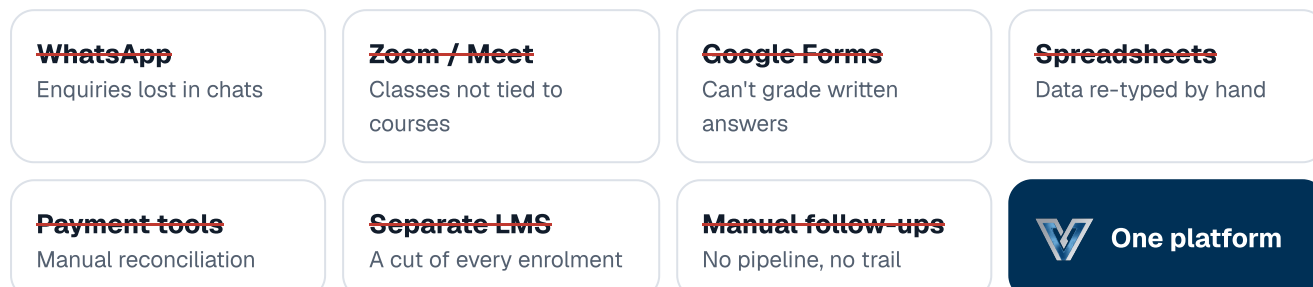

14 days

free trial, no card

~1 min

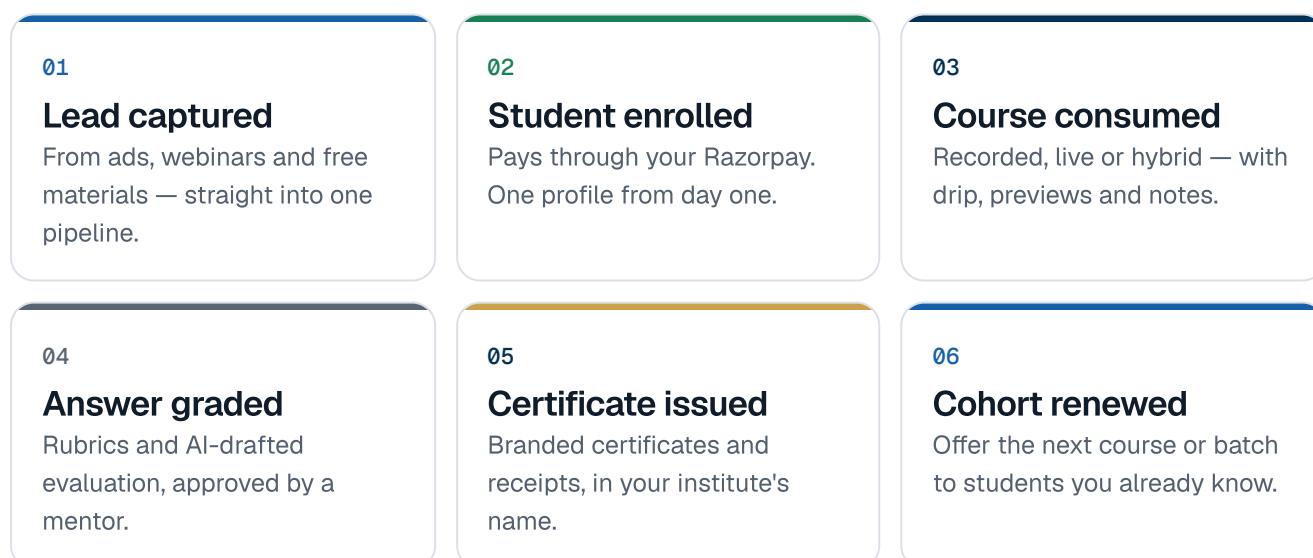

to put your institute online

Your institute shouldn't run across seven different tools.

From first enquiry to the next batch.

A lead becomes a student becomes a graduate — on one database, with nothing re-typed by hand.

Everything your institute runs on.

● Teach

Teach the way you actually teach.

01 Courses

Recorded, live or hybrid. Drag modules and lessons into place; preview, drip and coming-soon per lesson.

02 Live classes

Paste a Zoom or Meet link and the class is tied to the course. Students RSVP; reminders go out before class.

03 Video

Recordings play inside the course, next to their notes. Secure Video adds expiring links and a name watermark.

04 Materials

Public, lead-magnet gated or enrolled-only. PDFs and images aren't counted against any limit.

05 Webinars

Public sign-up with no login, per-session branding, and a one-click upsell into the paired paid course.

● Assess

Grade real answers — not just MCQs.

01 Tests & mock tests

Multiple-choice questions mark themselves.

02 Handwritten answers

Students upload their written answer to long-form questions — subjective, not just multiple choice.

03 Rubrics

Mentors score against clear criteria. Marks, comments and rubric in one evaluated-copy view.

04 AI-assisted evaluation

AI drafts the evaluation against your rubric. A mentor approves it before a student sees anything.

● AI-ASSISTED EVALUATION

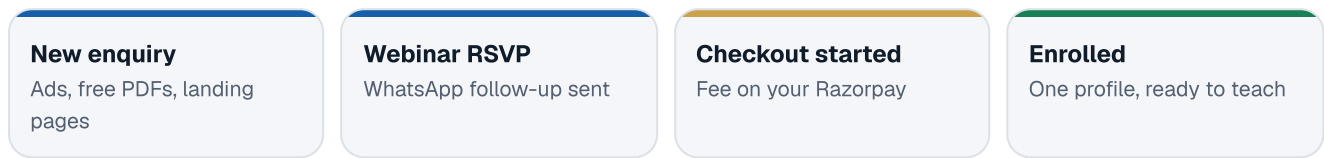

AI assists. *Your mentor stays in control.*

1 · Handwritten answer 2 · AI draft 3 · Mentor reviews 4 · Approve or edit 5 · Evaluated copy

Your own AI key — pay the provider at cost, no markup · Nothing is sent without approval · Students' data doesn't train AI models.

Turn ad clicks into paid enrolments.

Enquiries, checkouts and webinar RSVPs land in one pipeline — nobody falls through a WhatsApp thread again.

Lead pipeline

Every enquiry, checkout and RSVP in one place.

WhatsApp follow-up

Through your own Wati account.

Landing pages & lead magnets

Course pages built for paid traffic; free resources that grow your list.

Student CRM

Grades, certificates, orders and lifetime value — across batches and branches.

Analytics

Your own analytics and pixel on your site.

CSV export

Your data, whenever you want it.

● 0% REVENUE SHARE

Keep 100% *of your students' fees.*

Student pays

Settles with you — the whole fee

VILMS commission

₹0

On every plan, at any size

Razorpay checkout on your account · UPI & bank fallback · GST-aware invoices · Orders & refunds logged · Card details never touch VILMS. The ₹15,000 fee is an example.

Your brand in front.

Students never see VILMS.

Logo & colours

Your logo and brand colours on every screen, certificate and email.

Your domain

Start on yourinstitute.vilms.in, or connect your own domain.

Your app

Your own branded app — Android from Growth, iOS too from Scale.

Built for institutes that teach — and sell — courses.

● Coaching institutes

Run cohort batches with live classes, recorded lessons and graded tests — and fill them through ads and webinars.

● Skill academies

Hybrid programmes with branded certificates for every student who completes.

● Schools & colleges

Paid add-on programmes — entrance prep or certificate courses — with fees paid to your own account.

● Test prep

Mock tests, long-form answer writing and mentor feedback, built around exam cycles.

● Training institutes

Recorded and live programmes under your brand, across branches and batches, with team roles.

● Online academies

Start on Base at ₹499/month and grow to 1,500 students on the same platform.

A strong fit if you run ads or webinars to find students, teach in batches, evaluate written answers — and don't want your software taking a cut of your fees.

Pick a plan by how many students you teach.

14-day free trial · No card required · 0% revenue share on every plan.
